

## Sprint 3 Plan

**Product Name:** QueuedUp

**Team Name:** QueuedUp

**Sprint Completion Date:** July 20, 2020

**Revision Number:** 1

**Revision Date:** July 12, 2020

### High Level Goals

- Users can create a profile to highlight their expertise and potentially increase their credibility behind their posts

### Task Listing, Organized by User Story

**Story point system: 0, ½, 1, 2, 3, 5, 8, 13, 20, 40, 100 (max value)**

**User story 1** ("As a user, I want a profile with my information and an 'about me' section"):

- Task 1: Add route for user profile, linked to by a username in the frontend
  - Story points: 8
- Task 2: Include user information in the profile, e.g. username, full name, profile picture, "about me"
  - Story points: 40
- Task 3: Include a button to change the profile photo
  - Story points: 40
- Task 4: Add "about me" to user profile schema in Firebase database
  - Story points: 20
- Task 5: Display "about me" to the front-end user profile
  - Story points: 40
- Task 6: Display the number of posts the user has contributed to the website
  - Story points: 8
- Task 7: Display the date the account was created
  - Story points: 5
- **Total for user story: 161**

**User story 2** ("As a user, I want the ability to 'high five' discussion posts that I like"):

- Task 1: Create BE method to "high five" posts

- Story points: 8
- Task 2: Display an icon button so a user can “high five” a post
  - Story points: 40
- Task 3: Display how many users have already given a “high five” to a post
  - Story points: 20
- **Total for user story: 68**

**User story 3** ("As a user, I want the ability to 'middle finger' discussion posts that I don't like"):

- Task 1: Create BE method to “middle finger” posts
  - Story points: 8
- Task 2: Display an icon button so a user can “middle finger” a post
  - Story points: 40
- Task 3: Display how many users have already given a “middle finger” to a post
  - Story points: 20
- **Total for user story: 68**

**User story 4** ("As a user, I want to include code snippets in my posts"):

- Task 1: When a user submits a post, parse the contents for a ````` to indicate the beginning of a code fragment
  - Story points: 2
- Task 2: Display the code in the discussion post as a code fragment
  - Story points: 40
- **Total for user story: 42**

## Team Roles

- Abbas Engineer: Product Owner, developer
- Jay Ohana: developer
- James Goodman:, developer
- Haolin Liu: Scrum Master, developer
- Alex Davila: developer

## Task Assignment

- Abbas Engineer: user story 1: Task 3  
user story 2:  
user story 3:

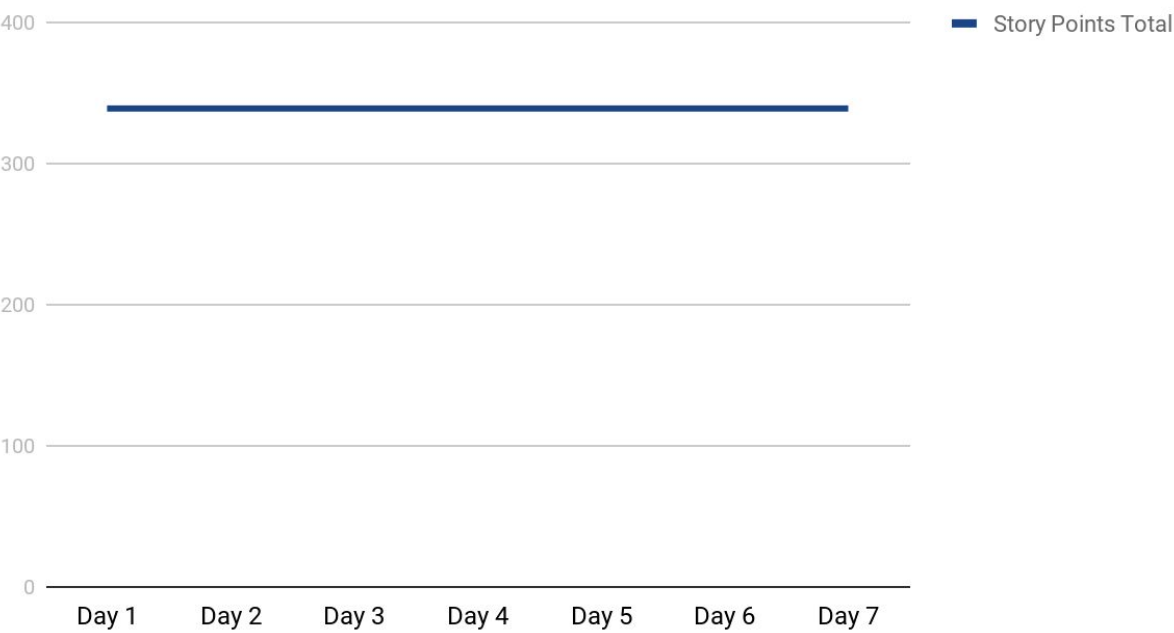

user story 4: Task 2

- Jay Ohana: user story 1: Tasks 1, 2, 3, 4  
user story 2: All tasks  
user story 3: All tasks  
user story 4: All tasks
- James Goodman: user story 1: all tasks probably  
user story 2:  
user story 3:  
user story 4: All tasks
- Haolin Liu: user story 1: Task 2  
user story 2: Task 2, 3  
user story 3: Task 2  
user story 4:
- Alex Davila: user story 1:  
user story 2:  
user story 3:  
user story 4:

## **Burnup Chart**

Project Name: QueuedUp

# Burnup Chart (Sprint 3)

## Scrum Board

Project Name: QueuedUp

User Stories	Tasks Not Started	Tasks In Progress	Tasks Completed
As a user, I want a profile with my information and an "about me" section	<div>Task 2: Include user information in the profile, e.g. username, full name, profile picture, "about me"</div> <div>Task 3: Include a button to change the profile photo</div> <div>Task 5: Display "about me" to the front-end user profile</div> <div>Task 6: Display the number of posts the user has contributed to the website</div>	Task 4: Add "about me" to user profile schema in Firebase database	Task 1: Add route for user profile, linked to by a username in the frontend

	Task 7: Display the date the account was created		
As a user, I want the ability to 'high five' discussion posts that I like	<p>Task 1: Create BE method to "high five" posts</p> <p>Task 2: Display an icon button so a user can "high five" a post</p> <p>Task 3: Display how many users have already given a "high five" to a post</p>		
As a user, I want the ability to 'middle finger' discussion posts that I like	<p>Task 1: Create BE method to "middle finger" posts</p> <p>Task 2: Display an icon button so a user can "high five" a post</p> <p>Task 3: Display how many users have already given a "middle finger" to a post</p>		
As a user, I want to include code snippets in my posts	<p>Task 1: When a user submits a post, parse the contents for a `` to indicate the beginning of a code fragment</p> <p>Task 2: Display the code in the discussion post as a code fragment</p>
